ABOUT YCC DESIGN INTERIORS

YCC Design Interiors is a small boutique firm based in Toronto, dedicated to designing comfortable, livable, layered and timeless spaces.

Renovations are my company's specialty and we've served clients in the GTA and surrounding area for over 12 years. We always begin with getting a thorough understanding of our clients and then the design process flows from there.

Whether you're interested in a kitchen redesign or a full-house renovation, we have the best team to help you achieve it all!

INTRODUCTION

Let's Work Together

WHAT WE'RE KNOWN FOR

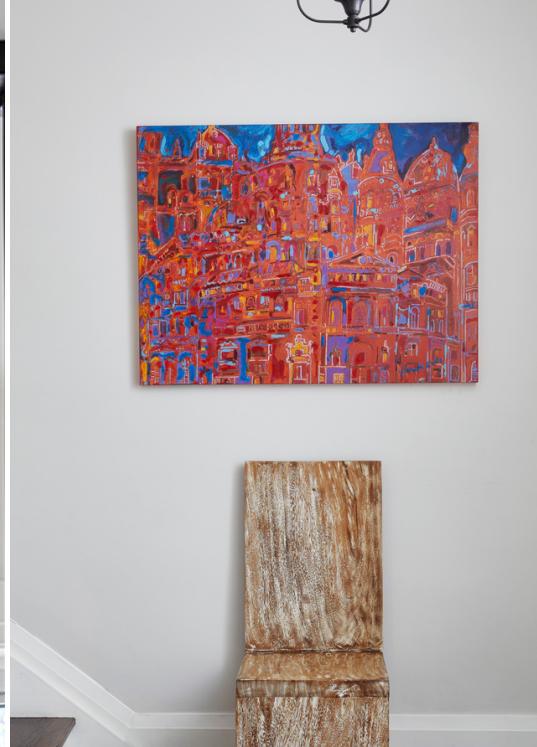

Over the last 12 years we have built a brand that is synonymous with quality. We are known for our high standard of care and attention to detail.

We pride ourselves on only hiring the best people and only using the best materials on the market. We take your home seriously and want you to enjoy it for many years to come.

WHAT WE BELIEVE IN

We believe that design is only part of the process of building a home. The quality of the materials selected plays a significant role and can't be overlooked.

Together, our design combined with the right materials is a winning combination. The result is a home that will stand the test of time, both aesthetically and functionally.

Our Philosophy

Design needs to work in a way that makes you feel at home as well it being a reflection of the people who live there.

We love to gather inspiration from all around us but your home should be unique and authentic to just you. We take some cues from designs you love but mostly we want to understand your preferences. Our only goal is to create a space that you feel truly reflects your family.

While it's not easy to accomplish this goal (and there may be a lot of conversations along the way), we know how to curate spaces without doing what everyone else is doing. We're not happy with cookie cutter and we don't want you to be either.

What Makes Us Different

OUR RELATIONSHIPS WITH CLIENTS

You're our number one priority. Everything we do is focused on your needs. Some of our clients have said we know them better than they know themselves. That's the highest complement we can be paid.

Our relationship with clients are built on honesty and trust. If there's ever any time that you feel uncertain or confused, we want to know. It's our job to keep you up-to-date and comfortable with the entire process. Design is not an easy undertaking but we hope to make it meaningful for you, not just at the end of the journey but all the way throughout it.

Since we value relationships above all else, we begin discovery with an inquiry meeting to ensure that we're the right fit. When we're aligned as a team, magic can happen.

OUR RELATIONSHIPS WITH VENDORS

Every piece of furniture or slab of tile we recommend has to be vetted by us first. Our vendors play a crucial role in the design of our homes but also the integrity of materials. Our partnerships with them are about trust.

We don't purchase online and we don't work with vendors we haven't vetted. That means we aren't the right fit for everyone. All of the sourcing and purchasing must be handled by our team in order for us to stand behind our work.

We recognize that this isn't a great fit for everyone but we do believe in honest transparency and it starts here.

The materials you select will be in your home for many, many years. We believe our job is to ensure that they stand the test of time and the quality is always A+.

What Our Clients Are Saying

flexible and adaptable

Yvonne recently oversaw the complete renovation of our farmhouse. She talked with us to see what kind of look we wanted and then presented us with different options. She is really good at listening to the client, and adapting choices. She was flexible but also capable of guiding us back on track. She is excellent with detail and designed our kitchen down to each drawer size. She also works well with the trades people, keeping them focused and moving forward. She does all of this with grace and humour.
-R.Polley

excellent guidance and options

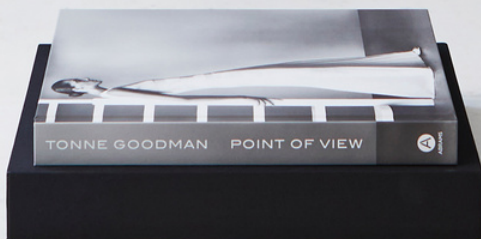

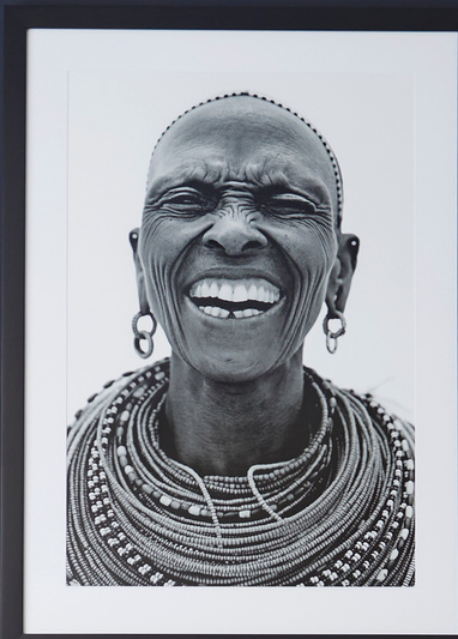

Working with Yvonne is a pleasure, she provided excellent guidance and options to make our new home comfortable and inviting. With the difficult challenge of blending old with new, she gave us the confidence to transform an heirloom buffet that is stunning and works so well with the overall design. Yvonne was able to narrow down all the options to a few choices making it easy to make decisions and move forward.
-Ingrid Bahen

beautiful, functional spaces

We hired Yvonne for the renovation of our house. Yvonne worked with us from beginning to end of our project on everything from primary elevation plans, complete floor plans and electrical , lighting, bathroom and kitchen designs. She took a home we loved, but had outgrown and created for us a forever home.
-Dan & Fiona Shaw

Commercial success

Blitz Facial Bar hired Yvonne to work with me to establish the overall look of our Brand. Blitz Facial Bar was a new concept and Yvonne jumped right in to oversee the entire design, construction, furnishing and everything involved with creating our brand. Throughout the entire construction process Yvonne's attention to detail was second to none.
